Mr. Allen W. Dulles, director
U.S. Government Central Intelligence Agency
Washington D.C.

Honorable Sir:

Enclosed please find some information issued by the Cuban Security Police that relates some of the Red subversive activities on the Island of Cuba, and their backing to rebel leader Castro, and his fanatical extremist ultranationalist armed movement.

Since Communism is international, the defense against it must be also international. If the evil Reds can introduce their armed movement, their vast financial resources, and powerful influences into Castro's underground movement, it is only reasonable to expect your North American Department of State which cleave to the Democratic theory to join together with the strongman the former army sergeant Mr. Batista, in crushing the Red plots and conspiracies. It is true that the Cuban President he is not a truly democratic ruler, but also the Spanish dictator Franco is not a democratic ruler, but you North Americans are aiding him. Mr. Batista needs more war weapons, more air force jets, more army armored cars, and tanks to crush the evil undercover armed Red inspired conspiracy on the Island of Cuba, aimed to establish under their "tool" Castro as the new Cuban dictator, and the imposition of the dictatorship of the proletariat on the Island of Cuba. North America should remember that Guatemala was once under the control of the evil Reds. International Communism are using rebel leader Castro against the peace, and security of Latin American, you should remember that once Castro played a prominent part in the also Red inspired Bogota bloody Colombian revolution during a past Latin American conference. Castro is plainly allied with the Cuban Communist Party, and the Spanish Communist Party.

Many Cubans moderates, and freedom loving people, we do not like Mr. Batista's totalitarian style Government, but we also fear power-mad Castro, and his Red controlled and inspired armed movement.

At least Mr. Batista, is known to be friendly to the United States of North America, and he is not a Red lover. But Castro is an anti-North American extremist, a radical ultranationalist, just like Nasser, or Arbenz, and if Castro sooner or later he will be the next Cuban President, perhaps in 1962, it is very possible that he will do a great harm to the traditional and friendly relations between U.S.A., and the Island of Cuba.

I was educated on the U.S.A., and I always was very fond of the people of the U.S.A.

I hope to remain Sir,

Long live democracy, and the U.S.A.
very respectfully yours,

P.S.

The newspaper clipping it contains a large list of Red subversive underground members aiding Castro, and their surnames. I suggest that a copy of the article should be given to the U.S. Department of Justice F.B.I., as perhaps they would like to have it for their Internal Security Division, or to be given also to Hon. J. Edgar Hoover, director of F.B.I.

The list contains many well known old Red surnames, but also there is many new Red surnames.
